Use the grid above to **PREPARE** your fire escape plan. Draw a floor plan of your home, including all windows and doors, and label each sleeping area. Indicate all working smoke alarms, which should be located on every floor of your home and outside of sleeping areas. Plan two routes of escape from every room and mark your family meeting spot, located safely away from your home. Post the escape plans on each level of your home and in locations where overnight guests and caretakers can easily see it. Most importantly, **PRACTICE** your fire escape plan regularly, at least twice a year. If you prepare and practice, you can **PREVENT THE UNTHINKABLE**.
